

Information Guide for Motorcycle Owners

Welcome!

Dear motorcycle enthusiast,

Great to hear that you're interested in renting out your motorcycle. More than 10,000 owners have already joined and rent out their bikes for just a few days each year.

This way, you get to connect with other motorcycle lovers and cover the fixed costs of your bike.

In this information guide, you'll learn exactly how MotoShare works.

How it works?

After registering a motorcycle on MotoShare, you can immediately start receiving rental requests.

For each request, you'll get a notification by email and SMS, allowing you to either accept or decline it.

Before making a decision, you can chat with the renter through the website and view their profile, including riding experience.

Accept the request? Then you've got an agreement. Simple as that!

Relax, you're fully all-risk insured

With the MotoShare insurance policy, both motorcycle owners and renters are fully covered with WA Volledig Casco (All-risk) insurance provided by Combi Motors Verzekeringen. You're insured for the current market value of the motorcycle.

Patrick – Renter

"Great site, fair prices, and good bikes! Something for everyone! Really nice that one rental day truly means 24 hours, not just from 9 to 5."
